

Appendix One

Explanation

The tabs along the bottom of this spread sheet show the postcode districts that make up each of the Lots (and how the Lots relate to the regions shown on the map).

Note the Group do not currently have properties in each of these postcodes. Suppliers must, however, have the ability to cover all of the postcode areas (cover the whole region) for any lot they tender for.

Bid Lot Number	Bid Lot Area	Regions covered on the map
Lot Six A	East Mids	7
Lot Six B	Oxon	8
